ROTARY:
MAKING A
DIFFERENCE

Woodbury Rotary Club

Each year, Rotary selects up to 100 professionals from around the world to receive fellowships to study at one of our peace centers.

Through academic training, practice, and global networking opportunities, the Rotary Peace Centers program develops leaders who become catalysts for peace and conflict prevention and resolution. These fellowships cover tuition and fees, room and board, round-trip transportation, and all internship and field-study expenses.

In just over a decade, the Rotary Peace Centers have trained more than 1,000 fellows for careers in peacebuilding. Many of them are serving as leaders at international organizations or have started their own foundations.

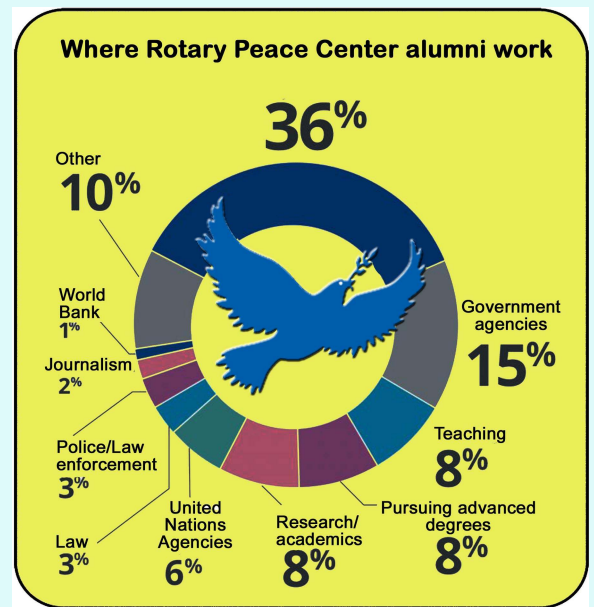

Check out the Rotary Peace Map to see where our alumni are creating positive change.

Our fellowships

Each year, the Rotary Foundation awards up to 50 fellowships for master's degrees and 50 for certificate studies at premier universities around the world.

Master's degree programs: Last 15 to 24 months and require a practical internship of two to three months during the academic break.

Professional development certificate program: For experienced professionals and lasts three months with two to three weeks of field study.

Randy Budd with President Roger

Fellow Woodbury Rotarian and past President Randy Budd presented an excellent and informative program on the affect of retail giants Amazon and Walmart on the brick and mortar industry . These two giants who offer the ease of shopping via on the internet have helped to contribute to the thousands of store closings & Chapter 11 bankruptcy filings of across the country. In order to compete in the ever changing world we cannot control or stop , one must try to focus on and provide that which the internet cannot. In Randy's family run swimming pool business , it is about focusing on the construction , customer service & repairs in addition to the retail products the company provides which results in the continued success of the business
