THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST The development of acquaintance as an opportunity for service;
- SECOND High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

What is vocational service? If you are an active, engaged Rotarian, you probably view vocational service as a way of life, even if you find it difficult to articulate a clear definition. This handbook can help you gain a better understanding of vocational service and equip you with ideas to help you practice it through your club activities and in your career.

THE CONCEPT OF VOCATIONAL SERVICE

The Object of Rotary is a philosophical statement of Rotary's purpose and the responsibilities of Rotarians. The concept of vocational service is rooted in the Second Object, which calls on Rotarians to "encourage and foster":

- High ethical standards in business and professions
- The recognition of the worthiness of all useful occupations
- The dignifying of each Rotarian's occupation as an opportunity to serve society

As a Rotarian, how can you put these ideals into action? Consider these suggestions:

- Talk about your vocation in your club, and take time to learn about fellow members' vocations.
- Use your professional skills to serve a community.
- Practice your profession with integrity, and inspire others to behave ethically through your own words and actions.
- Help a young person achieve his or her career aspirations.
- Guide and encourage others in their professional development.

If you do any of these things, you are performing vocational service. And if vocational service motivates and energizes you, then you're in the right place, because vocational service is the very essence of Rotary. It is what sets Rotary apart from other service organizations.

History of Women in Rotary

Until 1989, the Constitution and Bylaws of Rotary International stated that Rotary club membership was for males only.

In 1978, the Rotary Club of Duarte, California, USA, invited three women to become members. The RI Board withdrew the charter of that club for violation of the RI constitution. The club brought suit against RI claiming a violation of a state civil rights law that prevents discrimination of any form in business establishments or public accommodations. The appeals court and the California Supreme Court supported the Duarte position that Rotary could not remove the club's charter merely for inducting women into the club. The United States Supreme Court upheld the California court indicating that Rotary clubs do have a "business purpose" and are in some ways public-type organizations.

This action in 1987 allowed women to become Rotarians in any jurisdiction having similar "public accommodation" statutes. In October of 1987, the Rotary Club of Angels-Murphys D5220 inducted three women and in spite of threats to quit Rotary by some of the older male members - none did. Two of these three women went on to lead the A-M Rotary Club as president and one those has just completed over two years as charter president of the Angels Camp Centennial Rotary Club (a club which which is very proud of its 50% female membership). That president has completed 19 years of perfect attendance.

The RI constitutional change was made at the 1989 Council on Legislation, with a vote to eliminate the "male only" provision for all of Rotary. Since that time, women have become members and leaders of clubs and districts throughout the world.
