1966-67	William E. Fasick	1989-90	David Sacks

### **Bordentown Chartered in '44, First in District in Five Years**

Bordentown Rotary Club was chartered Oct. 4, 1944, and was the first new club in what now is District 764 after a five-year hiatus because of World War II. Vincentown had been the last club chartered in 1939.

Harold M. Smith served as Bordentown's charter president in 1944-45 when Emmor Roberts of Vincentown -now Medford-Vincentown - served as district governor.

Bordentown proudly boasts 26 Paul Harris Fellows since its inception and almost twice that many Paul Harris Sustaining Fellows. The club's charter and honorary members are Robert M. (Obie) Olberholser and James E. Lamb.

Bordentown Rotary traditionally has been among the district's most active clubs in terms of its civic involvement.

Some examples:

Each year, Bordentown awards \$1,500 college scholarships to graduates of Bordentown Regional High School and Northern Burlington County Regional High School.

The club annually sponsors one of more teams in local basketball, baseball and soccer leagues. It provides tuition to the American Legion New Jersey Boys' and Girls' State programs.

It makes contributions to local parades.

It routinely makes contributions to the Bordentown and Crosswicks libraries, and provides free subscriptions to "The Rotarian" for Bordentown Public Library, Bordentown Regional High School Library, William MacFarland Junior High School Library, and St. Mary's Parochial School.

Highly active in its support of local schools, Bordentown Rotary also feature., its High School Student Dinner-Guest Program; sponsors local high school students in the RYLA program; and is a joint sponsor of a new Interact Club at Northern Burlington Regional High School.

Bordentown Rotary was a prime supporter of district efforts to assist the orphanage in the Dominican Republic. The club raised funds for a room in the girls' dormitory.

The club has sponsored an Adopt-a-Rotarian (AAR) program for the area's handicapped youth. But that's just a small portion of Bordentown Rotary's community activities.

Others include street signs; bronze plaques for historical houses and sites; sidewalk benches at local bus stops; a wellbox at Historic Clara Barton School; necessary equipment and fans at the Senior Citizen Nutrition Center; flags for auditoriums.

There's more: Communications equipment for the Community First Aid Squad; special equipment for Carslake, Gilder, Terry Fields and other recreational fields in Bordentown, Chesterfield, and Manfield townships; two full-year high school foreign exchange students; several summer foreign exchange students; and sponsorship of a finger painting program for Bordentown Township youngsters.
