Every day 830 women, die from preventable causes
related to pregnancy and childbirth.. - WHO

Woodbury Rotary members Warren Carr, Charles Hughes and Antonio Alveario deliver dictionary's to West End School's third graders recently as part of the clubs "Dictionary for Kid's" project. The club has been involved in the project for years with Rotarians delivering them to several local elementary schools which in spite of today's technology, the teachers and children always enjoy looking up words with their own dictionary's. Warren mentioned how they miss my Dad Herbert A Budd Jr. (who passed away Feb.) who loved the dictionary project, headed by Rotarian Jim Kelleher and one which I did along with Dad and Warren right up till last year. Dad and Warren's favorite task was having the children look up the longest word!!!

Woodbury Rotary Lunch Club President Roger Jones thanks fellow Rotarian John Balsama, Senior Business Development Officer, for the New Jersey Economic Development Authority (EDA) for his presentation at last weeks meeting. John discussed and provided handouts describing the financing programs available to business's. He explained how the EDA partners with more than two dozen Premier lender banks to offer low cost financing opportunities through a variety of small business lending programs. The EDA puts its resources to work for you with a large portfolio of varied programs and services and can assist with access to capital, loans, loan guarantees, and business and tax incentives. For more information you can reach John at 609-331-4668 or email jbalsama@njeda.com

George Martorano (born 1950) is the longest-serving first-time non-violent offender in the Federal Bureau of Prisons at the time of his release. He was sentenced to life in prison without parole in 1988 on drugs charges. Martorano was released in October 2015 after serving over 32 years.

In 1984, on the advice of his attorney Robert Simone, Martorano pleaded guilty to 19 counts of drug possession and distribution.[2] Martorano was subsequently advised by both the prosecution and the judge, John Berne Hannum, that this plea could result in a sentence of life without the possibility of parole.[2] The prosecution, however, had only recommended a sentence of from 40 to 54 months. On September 20, 1984, Martorano was sentenced to life in prison without the possibility of parole, the longest prison term ever imposed on a first-time non-violent offender in American history.

Jackpot Tickets Can Only Be Bought and Won by Club Members

Ken was our program today. His topic was to be the current development of Woodbury. During our happy/sad dollar time George Brown described his most recent experience with medical marijuana. George has recently went through a long and expensive application process to be eligible to be prescribed medical marijuana to ease severe pain he has been living with. I won't go into the details of George's experience other than to say it wasn't pleasant.

Ken took advantage of this to change the subject to a survey the club of their experiences and opinions on the governor's push to make recreational marijuana legal.

Rotary Heritage Trail

Our map starts at the Racine Wisconsin birthplace of Paul Harris, then gives you a 90 minute drive south to the RI Headquarters to see Room 711 and Paul's law office (both are inside RI's Headquarters), then you drive past (and someday go into) Comely Bank, and finally down to Mount Hope Cemetery. The trip could be done in half a day, or enjoy each stop with a full day. Also see the Rotary Timeline and One Page History

1. RACINE is the northern point on the Rotary Heritage Trail. Paul P. Harris was born 19 April 1868 in Racine, Wisconsin.
2. EVANSTON is the location of Rotary International Headquarters where you will find Paul's Chicago law office and Room 711 relocated from the old Unity Building.
3. CHICAGO is the city where Paul Harris practiced law and established the Rotary Club of Chicago, known today as Rotary/One. Visiting Rotarians are welcomed each Tuesday noon. The world's first Rotary club now holds its weekly luncheon in the "Union League Club" located at 65 W Jackson Blvd in downtown Chicago.
4. MOUNT HOPE CEMETERY (near Blue Island) is the burial place of Rotary Founder Paul Harris and first Rotary Club President Sylvester Schiele.

The
Rotary
Foundation

Woodbury Rotary Club is making Rotary Foundation recognition points available to match unrestricted cash contributions to The Rotary Foundation's Annual Fund-SHARE. This is a great opportunity for Rotarians to become new Paul Harris Fellows. Do take advantage of this generous donation and support the wonderful work of Rotary International.
